FIRE MAX 3
Made from Nomex® NXT

- Visual and technical improvement of the proven NOMEX® Tough quality
- Excellent washing resistance
- Longer service life thanks to higher tear resistance and long-term impregnation (up to 40 washes without reimpregnation)
FIRE MAX 3
Made from Nomex® NXT

Protective jacket design

- Comfortable, ergonomically designed protective jacket with high level of protection and numerous functional features
- Moisture blocker made from flame-retarding PU-coated aramide fabric on jacket ribbed cuffs and waist, preventing ingress of moisture inside the jacket
- Smooth-running plastic zipper, covered by two flaps
- Ergonomically pre-shaped elbows, reinforced with flame-retarding, silicon carbon-coated para-aramide fabric
- Flame protection collar can be pulled up to under the helmet
- Heat protectors in the shoulder area
- Individual width adjustment on the sleeves by Velcro strap
- Sleeve ends with comfort NOMEX® knitted cuff and thumb hole
- Comes with radio pocket on the left breast side as standard
- With two inside side pockets under the left flap with metal ring to attach gloves, under the right inside side pocket with strap and push button
- Pockets on both sides inside the jacket
- With lamp holder on the front trim
- 15 x 2.5 cm fleece strip for attaching a name strip above the left radio pocket
- Holding loop for manual microphone on left
- Velcro strap for fastening an attachable strap
- Inspection opening to check the membrane
- Torso with 5 cm yellow and 5 cm circumferential yellow/silver/yellow reflective stripes; two 5 cm wide yellow/silver/yellow reflective strips on the front side vertically and on the rear at a slight angle
- Shoulder, sleeve and collar area with silver reflective piping
- Back length 85 cm (size 52-54 C)

Protective trousers design

- Comfortable, ergonomically designed trousers
- With 5 cm wide suspenders removable via Velcro
- With elasticated band on the side for optimum adjustment in the waist
- Belt loops on waistband to allow a belt to be worn
- Fly with zipper and Velcro fastener, covered by flap
- Two sewn-on side pockets, covered with flap; under each flap with a metal ring to attach gloves
- 15 x 2.5 cm Velcro section to attach a name badge to the left side pocket
- Two internal side pockets, closed with zippers Moisture blocker made from flame-retarding PU-coated aramide fabric on pants cuff, so no “drawing up” of moisture
- Ergonomically pre-shaped knee
- Additionally equipped with sewn-in knee pads made of water-repellent cellular rubber
- Reinforcements on knee, in pants seam and on the inside of the pants cuff made from black flame-retarding silicon carbon-coated para-aramide fabric
- Inspection opening to check the membrane
- On the pant legs with 5 cm wide circumferential yellow and 5 cm wide yellow/silver/yellow reflective strips, on the outside of the trousers with a 5 cm wide silver, vertically running reflective stripe
- 15 x 2.5 cm Velcro section to attach a name strip above the left radio pocket
- Holding loop for manual microphone on left
- Velcro strap for fastening an attachable strap
- Inspection opening to check the membrane
- Torso with 5 cm yellow and 5 cm circumferential yellow/silver/yellow reflective stripes; two 5 cm wide yellow/silver/yellow reflective strips on the front side vertically and on the rear at a slight angle
- Shoulder, sleeve and collar area with silver reflective piping
- Back length 85 cm (size 52-54 C)
